

Rock n' Roll Lyrics

[Chorus]

I'm stoned and I'm ready to rock
Let's go, is you ready to roll?
I spin when I swerve out the lot
Let go and I'm losing control
Won't wait cause I'm already gone
No patience you already know
I'm playing my music at top volume
It sound like rock n' roll

[Verse 1]

No I don't hold onto money I just
Spend that as quickly as it's coming and my
Plain black tee is worth a hundred, well who
Made that? Bet you ain't heard of him, I just
Say that cause you ain't living large like me
Ain't a star like me, don't be hard on yourself
Cause it's hard, I've seen, to go harder than me
If you think that's too hard, then you see what I see
I mean we can't all be icy
But I'm blinged out, I look like I'm in Queen
A young Sting but it's still fuck the police
7up all in my cup, add some Hi-Tech they gon meet

[Chorus]

I'm stoned and I'm ready to rock
Let's go, is you ready to roll?
I spin when I swerve out the lot
Let go and I'm losing control
Won't wait cause I'm already gone
No patience you already know
I'm playing my music at top volume
It sound like rock n' roll

[Verse 2]

I'm Muddy Waters
Hitting guitar solos
Ima go out like Bonham
Bitch every night I'm throwed
Don't do it for my health, I

Can't really help myself, when
I leave the liquor store, it's
Always a empty shelf, they
Tell me I gotta slow down, they
Tell me I gotta watch out, I
Just hit 184 now, I
Just lit this blunt rolled out the pound

[Chorus]

I'm stoned and I'm ready to rock
Let's go, is you ready to roll?
I spin when I swerve out the lot
Let go and I'm losing control
Won't wait cause I'm already gone
No patience you already know
I'm playing my music at top volume
It sound like rock n' roll
