

Hang Loose lyrics

[Chorus]

I bring the wave through
And I just told a bitch "hang loose"
I don't really think shit through
Probably cuz I'm hopping out brainless coupes
Bro I can't wait for you
Ima just do what I'm made to do
I ain't no slave for you
I don't even do what I'm paid to do
I'm a real wavy dude
I don't do shit I just hang loose
Your shit okay, it's cool
But I can see you ain't making moves
Bro I can't wait for you
Ima just do what I'm made to do
I ain't no slave for you
I don't even do what I'm paid to do

[Verse 1]

Views slanted
I won't sign to Atlantic
I'd rather stay independent
Making classics like John Lennon
I just showed up in a phantom
I came from the haunted mansion
Your girl ride like Disney Land
Got her screaming like a banshee
Still keep it cool, carry on
I just be sipping on Perignon
Every time me and her get it on
I'm hearing bells like Le'veon
She do it good, she get me off
I spice it up like some tarragon
Hit it too hard like I'm Barry Bonds
She compare me to God, I'm a paragon

[Chorus]

I bring the wave through
And I just told a bitch "hang loose"
I don't really think shit through
Probably cuz I'm hopping out brainless coupes
Bro I can't wait for you
Ima just do what I'm made to do
I ain't no slave for you

I don't even do what I'm paid to do
I'm a real wavy dude
I don't do shit I just hang loose
Your shit okay, it's cool
But I can see you ain't making moves
Bro I can't wait for you
Ima just do what I'm made to do
I ain't no slave for you
I don't even do what I'm paid to do

[Verse 2]

Oops!
Think I just lost my roof
That shit go back like troops
That done been in World War II
1942
I'm way ahead of you dudes
My flows already entombed
I'm eating dinner at noon
I'm telling rappers to keep up
I got the gas and you need some
I'm speeding up, fuck a speed bump
Bitches be sucking my fuel pump
Couldn't just sit here and do nothing
I got a reason I'm fueled up
I had to get out and be something
I don't think I'm asking for too much (uh uh)

[Chorus]

I bring the wave through
And I just told a bitch "hang loose"
I don't really think shit through
Probably cuz I'm hopping out brainless coupes
Bro I can't wait for you
Ima just do what I'm made to do
I ain't no slave for you
I don't even do what I'm paid to do
I'm a real wavy dude
I don't do shit I just hang loose
Your shit okay, it's cool
But I can see you ain't making moves
Bro I can't wait for you
Ima just do what I'm made to do
I ain't no slave for you
I don't even do what I'm paid to do
