

Slasher lyrics

[Intro]

It's Trip REXX, bitch what up
You ain't talkin big checks then shut up
Just fleshed our another one
Every time I make a track, gotta cut up

[Chorus]

I don't keep a gat but I'm killin these rappers
Take em out fast, scene lookin like a slasher
Trip a maniac, they gon scream "he a madman!"
But homie move back, I don't wanna have to slash ya
Yeah, and I don't wanna have to ask ya
Twice
You finna make me get krabby
Bro I'm not Patrick, so nothin gets past me
I know you boys cap like the Hash Slinging Slasher

[Verse]

That's why I'm movin right past ya
No daps, I ain't even lookin at ya
Don't act like you really want a feature
Put me on a track, I would turn you into Casper
Mad dudes really wanted me to lose
Bad news for you cuz I'm makin moves
Pretty soon you could see me on the news
Up next, don't snooze or I'll do the Freddy Krueger
Psycho, bitch I'm really bout to lose it
Might go Thriller when I hear the music
Michael at the end of the movie
See my eyes glow and I'm howlin when the moon up
Just try me
Any given day could be Friday
13th, bro this shit Child's Play
For me, I be takin lives all day like BLAT!

[Chorus]

I don't keep a gat but I'm killin these rappers
Take em out fast, scene lookin like a slasher
Trip a maniac, they gon scream "he a madman!"
But homie move back, I don't wanna have to slash ya
Yeah, and I don't wanna have to ask ya
Twice
You finna make me get krabby
Bro I'm not Patrick, so nothin gets past me

I know you boys cap like the Hash Slinging Slasher
